

## Pre-press checklist

Could you please check that the following items have been attached to your job;

- 1. List name and version number of your program
- 2. Include all fonts and graphics (.eps, .tiff, .jpeg)
- 3. If printing full colour, ensure all images are converted to CMYK and are high resolution.
- 4. If using PDF format, ensure it is a press optimised PDF.
- 5. Include 3-5mm bleed around document when setting up. If there isn' t bleed, an accurate final trim size cannot be guaranteed.

Award winning print.
